“ *A tremendous football player that I played with from 7th grade through 12th grade. I will always remember the time in practice that we had a football drill of going after the football. I got to it first and Mike just picked me up like a rag doll and pounded me to the ground. I was black and blue for a week. But from that point on I knew from first hand he was the toughest guy on the team. RIP my fellow Spartan.*

“ *I remember when the Lermas first moved to Lapeer and I walked with joe over to Michael and penny's home for the first time and I didn't know what to expect as nobody does when they first meet a friends family for any individual for that matter. But all I can remember feeling that day was welcome like I was already invited in as one of the family and from that day forward that is exactly what Michael was to me. He always had the right words to say. Michael was like a second father to me and I will miss him greatly! Thank you for welcoming me with open arms Lerma family, I love you all.*
