“ My prayers go out to Milt and the whole Bayagich family. I remember working on a few projects at Budd Co. and working with Milt was an honor for he was on top of the project and always beat the end dates with a superior tool.. Milt would also support our feasibility issues for hole piercing and if Milt said it could be done - all our worries went away. He always taked about his large family at the holidays which was something special and Milt loved to golf. When stopping at Budd's in the morning he used to always bring donuts and he would beat half of our work force in. I am sure the family has many memories that will live on. Milt will live on through all his children and grandkids. Thank you for your sevice in the US Military - Milt! God Bless you and your family!
