“ *I just came across an archive online and read of Monique's passing. Monique and Marcel were our neighbor's and friends while we lived in St. Clair Shores. I missed them so very much when we moved away, and now to hear of the news of Marcel and Monique's passing, it deeply makes me sad. I will forever hold a special place in my heart for them. God Bless you!*

“ Family and Friends of Monique St. Germaine,

I would like to express my deepest regret that I could not attend Monique's viewing or service. Please accept my apology.

I first met Monique at the Palace one night. I was doing handouts and she was taking tickets. We started to talk. She asked me where I lived and I said St. Clair Shores. She replied that she did too. We started talking and our friendship grew. (I think it was in the fall of 2004).

We started to ride to the Palace and DTE together. We continued that until she stopped working. She always wanted me to drive. We took turns as to what car we were going to drive. She wanted me to drive my car in the winter because it had heated seats.

I considered her I think my mother after my mother passed away. If she wasn't that she was my sister. I would tell her things that I would not tell anyone else. I did ask for her advice and she would tell what she thought and what I should do. I knew she would never tell anyone what we were talking about. She would tell me little things about her and her life.

I have many memories of her. I remember that year she wanted to work 1000 hours so that she could belong to the 401 group at the Palace. She liked to work Section 201 at the Palace because of the season ticket owners that were in her section. She worked Aisle 6 at DTE. She started to work with Larry and then Wolfgang. She liked a strong man to protect her at DTE.

She always told me how much she loves her husband and her family. They were very important to her. She always told me that if anything ever happened to Marcel that she was going to quit the Palace and start travel. She loved to travel. She really missed traveling. I always told her that if anything happened to Marcel that she would not quit working. She debated that issue many times.

I have missed Monique very much more since her health started to fail her. I always wish that I could do something for her to help. I would suggest many things. I think she tried them and more.

I was very happy that Pat called me and told me that her health was failing. I was very happy to say that I was able to see her one last time before her death.

I WILL MISS HER MUCH.

*Always her friend,

“ Her heart, her smile, her strength, and her ability to not give up, even when most of us would have, has taught me more than anyone will ever know. She will be sadly missed by all who had the opportunity to have met her. A special thank you to her loving family who stood by her, loved her, and cared for her. You are in my thoughts and prayers.
