Ella tenia una enfermedad llamada Hilianosis Sistemica es una enfermedad muy dura y dolorosa hay solo 3 casos en el mundo ella siempre sonrrio mientras vivio y nunca renego nos enseño a sonereir y a ser fuertes con su ejemplo de vida. Si alguien tiene o conoce algún caso pueden comunicarse con sus padres el velorio va ser en E.J. Mandziuk & Son Funeral Director.

Velorio - Domingo de 3 a 9 pm

Born October 9, 2014 passed away at home on March 24, 2017 surrounded by her loving family.

Beloved daughter of Juan Martinez and Ana Martin

Loving little sister to Nallely Guadalupe.

Cherished granddaughter to Juan Martinez & Juana Alcala and Carmen Muñoz & Salvador Martin

Natalia was a very, very special child. She had a disease called Infantile Systemic Hyalinosis. Through all her pain and trials she always managed to keep a smile on her face and never complained. She was able to show others how to laugh, even while facing her illness. We can all learn a lesson about grace and love by looking at how she viewed at the world.

Only three cases in the world have been reported, making this illness a very rare disease. Natalia's family wishes to raise awareness for this disease and if anyone who you know or love may be suffering from the disease please contact the E.J. Mandziuk & Son Funeral Directors and her family would be happy to speak with others and educate them on this rare condition.
