“ Loved my grandson so very much. I will miss all he was a sweet caring and loving person. Just like his brother. The hurt will never go away all there is now are memories they are together now in heaven.

“ I will miss your beautiful smile. I remember when you were 4 years old and you asked me to write my phone number down. I did, not knowing you had a photographic memory. You called me everyday for a month. May you Rest In Peace and I love you!

I met you when you were only 2 and had a fascination for keys, any kind would do and as many as you could get your hands on. I remember when you were sitting on the toilet potty training and I would ask you pee or poo and you would get so excited and say "I". You always said I when you meant yes. You loved to take things apart and somehow always put them back together. I wish so much you could do that now with your mother's heart. Rest now and may peace be with you my boy.
