“ I have always been close to my Aunt Norma, from a young girl when I would spend time at her home playing with Carolyn, to a young adult when she took me into her home. She watch my baby daughter when I got back into the work force. She was always very loving and never had an unkind word, ever. I have loved her my entire life. She was a wonderful person. She will be missed but we will meet again in heaven. Now she can look down and see us all, so we better make our beds before we leave for work in the morning!

“ *Sitting on the living room floor Playing cards and the game memory when I was a little girl. As I grew up grandma always played a huge roll in my life, picking me up from school, taking me shopping and going to Olgas for curly fries! I loved spending weekends at her house with my cousin Rachel we got to go roller skating and watch MTV... What fun. As life progressed Grandma helped teach all of how to cook, starting with a hard boiled egg and moving up to cookies and pies. She will be super duper missed by everyone who has had the joy to know her. We love you Grandma, tell papa we all say hello!! Xo until we meet again.*
