*Dear Maria and Peter,  
I remember meeting your mother a few years ago, when Marco and Lisa became engaged. I enjoyed listening to her talk about some of things she remembered that meant the most to her. her. I felt like I had known her forever, because she was so kind. She always shared her love for her family, especially for (Marco), her only grandson. She will be missed.  
God Bless,

“ *Such a beautiful woman with a beautiful smile. The Mother of my best friend. I will always remember sitting next to her on the sofa during my visits. She held my hand and always asked about my family with such love. A truly remarkable, strong and beautiful person who will always be remembered with great love. Keeping you in our prayers, Purcy Pandrak*
