“ *I had the pleasure of working with Paul at Ford. I am deeply saddened by his early death. He loved his family dearly and was so proud of all of you. My heartfelt sympathy goes out to each and everyone of you. Paul will never die as long as he lives in your hearts and those of us with whom he worked. I am so sorry that I was unable to attend on Friday and give each of you a hug and say these words in person.*

“ *Brad, Mark and Kimmy...My thoughts go out to you and your family. I never met your father but know he was a great influence in raising such great kids! I just happened to see the obituary and wanted you to know you are all in my prayers. So sorry to hear of your loss.*

“ I was also a Ford employee and enjoyed working with Paul. Although we did not always agree on a solution, Paul thought me a lot and he normally won in the long run. He definitely was proud of his family and my prayers go out to you. May Paul rest in peace although I imagine he will continue to monitor MPL processing from above.

“ Lee, it's been a long time. If you remember, Paul and I worked together for years in Sterling and Finance Staff. I retired from Ford in 1991.
Paul was a great forward thinker. His progression of systems was way ahead of the rest of us.
My thoughts and prayers are to you and your familyjl5ph

“ *My condolences to the Kallaway family.*

Paul and I worked together on the Ford Project Orange Team to separate Visteon from Ford. We also spent a lot of time together at Ozzie's (planning work, and discussing the project--of course).

Paul often talked about his family and how proud he was of your many accomplishments in life so far.

I know he will be deeply missed by all who knew him.

I will be unable to attend the services on Friday because my wife, Elaine, will be undergoing a transfusion for her cancer treatments. But, I will be there in spirit!
