“ My dearest Jeff, Lisa and Julie, I am so deeply sorry for your loss. I feel like I have lost one of my family members too. Growing up together, we have all had alot of good times and awesome memories with our families, and I feel blessed that I had the chance to know your dad and enjoy his great sense of humor and great stories he would tell us! Your dad ALWAYS talked about you all, he always told me just how proud of you he was and how much he loved you. You have some wonderful memories that will be with you forever. He loved each of you so very much and appreciated who you are as individuals and as his loving children. He was/is always thankful to have you in his life and for all the love and support you always gave him. There was never a conversation without mentioning how much he loved his beautiful kids and his grandkids! He will forever be missed, and never forgotten, he was a special dad! Take comfort in knowing that he is in peace now and that you are all loved so very much. I will always be here for you. God Bless you. Your in my heart and prayers! Love you all, Teresa.

“ Jeff, Lisa, Julie....I am so sorry for the loss of your dad. We all spent alot of time together growing up and we always had so much fun! Your dad loved you guys so much and always had fun hanging out with us as kids, he would have more fun watching us fall off our bikes and rig up our sprints than we did! We had fun at the cottage in the summer swimming and hanging out on the boat. I feel lucky to have known him and had the good times with your dad that I did get to have. He will be deeply missed. Please accept our deepest sympathy in your loss and know that we are here for you always!  
Love, Tony and Kasey

“ To the family of Paul "PJ" Morton:  
Please accept my most heartfelt sympathy for your loss. PJ and I worked at the Ford Sterling Plant for many years. Swamped with design work from the day I met him PJ never took a design job lightly. No job was to simple or challenging for his group. He designed simple resting blocks to complete welding assembly lines. His knowledge and vision made him a very effective leader in his field. PJ was a man of integrity with an uncompromising work ethic. He was/is a good man and I am proud to have known him. He was a positive part of my work experience. On a personal side PJ was a friend, although not a smoker, I often sat with PJ, Fred, Scott, Dawn and Jeanne during their smoke breaks and had a good laugh. He spoke highly of his family, how proud he was of his family and of his love for his family. May PJs' soul and the souls of all the faithful departed rest in peace. Amen.

I am so glad I kept in touch with him after his retirement but wish I could of spent some time with him. PJ and I shared alot of experiences and he was always there for me in happy and sad times.
