“ My first real memory of my Uncle Peter was the red circle on his forehead from a State Farm suction cup logo... I still smile about it. But, I am so very grateful for the time he took to spend with me after my father passed away. He helped me so much more then I realized at the time. Thanks Pete, I truly appreciate it.

“ Beverly, our deepest sympathy to you and Peter's whole family. We only knew him for a short time, but we enjoyed his company and card playing at the Lodge. He was already missed last night, but know there's one more card player joining the eternal table.

“ Peter was our quarterback in high school. Always very disciplined and focused and serious about his work in football and his business. Always a good word. He never seemed to get upset when the going got tough.
I will always have positive memories of Peter. My heart and prayers surround his family. Keep him in your daily thoughts. Always embrace the time together.
