“ So many memories of growing up in "the neighborhood"...playing the Dating game on our carport..... getting mad at Randy, Dennis, Billy and my brother for showing us their grave yards! I always thought Randy was a little quirky, but funny and gentle all the same...RIP good man....you will live on in our hearts.....

“ I spent a few years making music with Randy. It was the best of times getting ourselves out in the world playing for people and more fun than one should have. Randy was an insanely fun guy, always up, always laughing. I literally never saw the guy down. He was the spark, the energy and one of the most unique people I have ever known. His sense of humor was so off-beat like Harold in the movie "Harold and Maude". I will miss the guy more than words. All our quirky texts since we live far apart. Man, I love the guy so much! RIP my friend and I only hope I see you on the other side for more laughs.
I will cherish the clock you made me a couple years ago buddy! It meant a lot!

“ So sorry about your loss. I know Randy is pain free and at peace. I have alot of funny memories of him and his "creatures"
Pennywise was a scary clown. I was afraid to walk pass it to get in the house. His sense of humor showed in the hearse he bought with coffin in the back with maybe an arm or leg sticking out the back door! It freaked people out and he got a kick out of it. We loved him and will miss him. God bless him and his family. He will not be forgotten.

Rest in peace Randy. He always made my mother laugh. I was grateful for his last message to me and I loved him!
