“ *Ray hung out with my brother's group of friends back in the day. Ray had the most engaging smile with a tinge of mischief so you would be wondering what shenanigans they were up to. I am glad that Ray found the perfect person to share his life with and that his family, friends, and coworkers hold him dear in their hearts.*

“ Raymond,
Thank you for being my friend and an amazing neighbor for the last 18 years, I'll miss our talks on Wednesday nights about everything that is driving us crazy while we put out our garbage cans, for making it absolutely impossible to imagine how you have made weeds terrified of your lawn all these years and showing my boys that a proper man always mows the lawn without a shirt on. You've taught me how “rain is gods car wash” and that you can back a car in a garage at 35 mph and park safely.
I will miss you my friend thank you for our time together I will treasure it forever, and I will make sure to take over the job of hanging our flag on the front of my garage for you on Veterans Day, Memorial Day and the Fourth of July!
Until we get to talk again I'll miss you always buddy...

Your friend,
Tom Keragis

“ Ray was a great friend and work colleague. Ray was an excellent Systems Engineering Leader for multiple Abrams Tank Programs and is responsible for the all of the capabilities to keep our Soldiers safe and with the tools & equipment to keep our Nation safe. We will miss Ray dearly in PM Abrams. My condolences to Ann and the children. May God continue to protect and support the family.

“ Great friend & co-worker. I have always enjoyed working with Ray who is very high in principle and integrity. Even though I have left PM Abrams, Ray is always in my mind when I need help. I have known Ray since the summer 90. Ray had shared with me a lot, especially his finance--great discipline in this regard. Until the day when Ray had found out that he needed to be on a long time leave journey, his "Out of Office" returned message was still up beat. Until now I am still totally shocked and saddened by the news of Ray's passing. I strongly believed that he has completed the earth mission and now has returned to God. My condolences to Ann and the two children during this difficult time. May God continue to bless this family. God Bless.

“ I've known Ray for over 30 years when we were both working at the Abrams office. We were great Friends from the beginning. A few of the memories were yours and Ann's beautiful wedding, helping us move out to the boonies, working on the Abrams Golf Outings together for over 25 years and coming to my 70th and 80th birthday celebration. There will never be another Ray Verdaglio. Irv and Kathleen Smith

“ My condolences to the family and friends of Raymond Verdaglio for the passing of Ray. Ray always impressed me as being a squared away Subject Matter Expert (SME) in engineering, always providing help when asked of him. I pray that God welcomes Ray into Heaven as a member of the Communion of Saints.

“ I was very saddened to hear about Ray. He was a great mentor to me and many other engineers within the program office. Ray rode for the Abrams brand. He had passion for the products we supported, yet kept things light-hearted and simple. We will miss him dearly. My thoughts and prayers are with Ray's family - in their time of mourning. Rest in peace, brother!

*Do not stand at my grave and weep.
I am not there, I do not sleep.
I am the thousand winds that blow.
I am the diamond glint in the snow.
I am the sunlight on the ripened grain.
I am the autumn's gentle rain.
When you awaken in the morning hush,
I am the swift uplifting rush.
Of quiet birds in circled flight.
I am the soft stars that shine at night.
Do not stand at my grave and cry;
I am not there,
I did not die.*
