“ *Aunt Rita was very special to me, I am thankful our last conversation was a longer one and she got on my case about something like my mom would have if she were here--I loved our times spent together going out to eat and visiting with her --she will be greatly missed by myself and my family-- I send my deepest regards to all of her immediate family members-- I know Uncle Norb was there waiting by the Golden Gates for her!*

I last talked to Aunt Rita on August 14, 2020. She sounded well. Not long after, I thought of how her health was overall quite good though she suffered with the crippling arthritis. I thought she may live for many more years. Then I received the sad news about her sudden unexpected death after things took a sudden turn, reminding me how much we need to cherish our time here and how we spend it with others.

I am glad that I was able to enjoy more time with Aunt Rita after I retired. I looked up to her when I was a child; and chose her name for St. Rita for my confirmation and her as my sponsor.

We ended our conversations and visits expressing our love for each other. So once again, I say to Aunt Rita, "I love you" and hope to one day see you in the company of so many of our other family and friends who have gone before.
