“ *Will certainly miss you Mr. Archer.. You were one of a kind.. Always loved your humor, and you always had a story to tell. Always with a smile on your face and always putting a smile on the face of everyone who knew you.. A true gentleman... RIP my friend.. you are now dancing with Lois and the angels.. xoxo*

“Everybody loved Bob.

Even if you didn't know him.

My close friends here in Florida are taking me to lunch today in his honor.

Well what, and where should we go ?? Of course "Coney Island Hot Dogs".

Won't be Georges, but so what. I will be having a coney island dog.

So many memories too numerous to list. Can't help but think of a car ride to some

of the past places we lived. Herman Gardens, Oregon, 18988 Riverview, also Olympia,

Tiger Stadium and on and on. Those were all in just one day.

So many countless times with the whole family at 19303 Bloom, and on the shore of

Algonquin Lake in Hastings.

We could all list hundreds of times, however I feel the most important of all was "FAMILY".

*The fact that there are no services speaks volumes towards him.
"REMEMBER ME*

AS I WAS." I will remember and respect that the rest of my life.

I am tearing now, so will just stop here and treasure the memories I know all of us and

especially family share and will remember forever.

RIP. Brother , LOVE, Larry
