“ *I was sorry to hear of Roger's illness and passing. Roger and I worked together for several years and I considered him a friend. Roger was one of the good guys ... smart, friendly, helpful and funny. When Roger and I were working in Emissions Planning he helped me many, many time and was the real expert in the area. I am sure all that knew Roger will miss him.*

“ *I am surprised and saddened to hear of Roger's passing. We worked together in Powertrain Systems at Ford Motor Co. I recall many conversations with him about mountain biking and photography. The world has lost a talented engineer and diverse gentleman.*
