“ *I don't think I truly have the words to express how sadden I am that you are gone Rosa, or how I like to call you Rose. I am in complete shock that this occurred especially so unexpectedly. I had just seen the new Batman movie with you and you were unfortunately taken from us.*

*I will always remember how much you loved playing Nintendo and you would always beat me in Mario kart and Mario party. I will remember all the software engineering talk and excitement that the future of technology has in store for us. I will remember how much we enjoyed the whole marvel cinematic universe and the laughter we shared watching them.*

*I will miss all the exciting events we would have done together, whether it's seeing new movies, playing the board game Catan together, working at our favorite tech companies (I know how much you wanted to work at GOOGLE), and the great impact you would have made in this world as an Artificial Intelligence engineer.*

*I miss you so much Rosa thank you so much for the great memories and you will always have a place in my heart. Rest In Peace and my condolences are with the Ku's family.*

“ Thinking of you, dear Rosa! Difficult to believe that you are no longer here with us on earth. We were just chatting last Friday at work and I started Monday thinking that we'd be talking more about our 'Validator' report that day. You shall be missed. 💔

Mr. & Mrs. Ku, David - I can only think to say what you know already - Rosa was a bright and lovely young lady, with a good work ethic. Rosa was a joy to work with (she would even laugh at my jokes whenever I'd act a bit 'silly' to lighten the mood in one our meetings 😊).

As Luna said in 'The Order of the Phoenix' - "Things we lose have a way of coming back to us in the end, if not always in the way we expect."

Though it will be painful and bittersweet, remember to take time to embrace each memory of Rosa as they come and feel the joy that she will always bring to your heart. It helps to balance the incredible ache and grief that you feel if only for a moment.

For me, I expect that Rosa, and her smile, will come to me every time I think of the 'Validator' that she had created with Volker and I, and I will thank her for the light that she and her gentle smile brought into my life during the time that she worked with us here at Ford Motor Company. 🌹

Thinking of you and yours, Ann Marie

“ My heart just broke for Rosa Ku's family upon hearing this terrible news today. I cannot fathom what her family is experiencing right now. I only pray to God that He shield her family from further despair, hopelessness and pain, and that He build this family back up gradually with utmost grace, mercy and love.

*Rosa was a highly intelligent, observant young woman with so much potential the world will never get to see. Rosa will be missed by all of us who worshipped and fellowshiped with her as part of TroyHope's young adults ministry. Rosa was a sweet person, always pleasant and enjoyable to be around. These are my only memories of Rosa and I will always remember her this way.*

*It is not fair that Rosa was taken from us so early. I do not understand why, but as someone dearest to me once said, maybe God found her ready to be by His side now, and that has to be the ultimate blessing and gift one can receive from God.*

*We love you, Rosa, and may you rest well in peace.*
