“ *When I first met Sumith he was so quiet! I knew we had to break that shell and find the true person he was. We did and found a truly kind, caring and passionate person we all looked up to and admired. You will live on in each and every soul you’ve touched with your kindness. ❤️ Jan*

*When I die give what’s left of me away
to children and old men that wait to die.
And if you need to cry,
cry for your brother walking the street beside you.
And when you need me, put your arms around anyone
and give them what you need to give me.
I want to leave you something,
something better than words or sounds.
Look for me in the people I’ve known or loved,
and if you cannot give me away,
at least let me live in your eyes and not in your mind.
You can love me best by letting hands touch hands,
and by letting go of children that need to be free.
Love doesn’t die, people do.
So, when all that’s left of me is love,
give me away.*
