“ Wow Sue,  
Yet another year has passed by.....  
Thinking of you as on your birthday just two  
days ago now,  
this year you would've been 83 now.  
That really doesn't seem to be so old a number anymore with  
getting on meslf in years as well.  
I sure do miss being able to celebrate our July birthdays together as  
we did many when we both were so much younger.  
Again, if we could only go back in time a wee bit aye?  
So quickly life travels on by us all.  
I'm thinking & remembering of you so often.  
I miss you so & it's hard not having you available to talk with  
anymore.  
I miss our times of laughter shared together & our many fond  
memories made.  
If we could all go back a bit & relive some of those fond times  
shared once again aye Mom.  
I can only hope & pray you're now happy at peace & enjoying  
whatever it is that lies waiting ahead of all of us once we leave this  
world known through life.  
I'll always love you deep in me heart & keep those memories alive  
as long as I'm able.  
God I miss you, happy belated birthday Mom.

Me heart goes out to you especially on this day.

I miss you each & everyday me dearest Sue.

Life for me is just not the same anymore with most everyone now all past.

I email Dawn everyday & speak with her on the phone as often as possible.

I'm thankful you helped to create & grace me with such a fine sister as she is to me.

I've not heard from Rose since you passed, but will always remember & hold close in me heart, of all the wonderful times we shared & memories made in our youth growing up together.

Some joyous memories & wonderful times we all shared in once upon a time ago, with Dad, you, Rose, Dawn & meslf.

I wish we could set the clocks back & go back in time to allow us spending more blessed hours all together once again, as a loving family I so badly miss!

I love you with all me heart & I look forward very much to when we meet again & I can hold you tightly in me arms & give you a big kiss & know the bond created between us will never be lost.

But I love you. I miss you more and more each day. And I wear socks around the house now. I will have this hole in my heart, in my soul, until I see you again. But I hope you are happy in Heaven. Grandma I can not wait until the day I see you again. The kids are getting so big. Brett is doing so well at work. I find myself still wanting to call you and hear your cheerful voice. Hell, even your pissy voice. I need you so much but I know you're in a better place. I hope you're looking down on us and that you're proud of all of us. I hope you know how much I miss you. Some days this pain is nearly unbearable. Some days I'm happy for you that you're no longer suffering. Most days I'm selfish and wish you were still here. Hey Sue,

*I went for a ride up to Bridgton yesterday. I was thinking of you, mum & dad & how very much I miss you all!*

*I played all my messages I've saved on my cell phone I'd received from you & dad. It made me cry thinking of how those messages will be the last words spoken I'll ever get to hear from you both again.*

*Unfortunately I don't have any messages left from Mum on there. As I didn't have a cell phone currently before she'd passed.*

*I drive up by the old "Bonnie Highlands Farm" that Mum had. It makes me very sad & angers me so, that my Mums husband David sold it out from underneath me & I'll never get to step foot in the old farm again.*

*So I just drive by every once in awhile & just remember visiting with her there & how much she meant to me.*

*I'm grateful that I still had you & dad after she passed to help get me through my traggic loss. Of course that hurt will never fade as long as I live.*

*Than Dad too passed & I had only you to help me with another traggic loss. We had such beautiful conversations & I felt we even became closer than ever before.*

*You meant the world to me always Sue.*

*Our conversations also helped to keep me feeling closer to the girls.*

*We talked of them & all the kids often. I loved all that you shared with me throughout all of our lives. Without you, I'd unfortunately not know much about any of them.*

*I miss you so & my heart feels broken.*

*I wanted to call & talk with you yesterday, hear your voice again & catch up of all the latest. But I knew I couldn't & feeling the loss very hard of you all gone now is sad beyond words put on paper can describe.*

*I loved you all from the bottom of my heart, soul & body! Now with you gone & I've no one left to help me in my recent loss of yourself.*

*Without you, my pain remains kept inside & I can no longer speak with you to express & help release the pain from my soul & body felt.*

*I don't mean to burden any of you with my sadness felt left here on earth, but I really miss you all & it's just so darn difficult with all of you gone now from my life.*

*God how I miss you Sue.....*

*I while in Bridgton last night was having dinner up by the local ski area, having a couple of beers & thinking about you.*

*I called your cell phone hoping to find it still connected. I was glad to learn it was & thought Rose might perhaps answer, but no one did. I left message of my calling & asked that Rose call me back & let me know how everyone is doing now that you're gone. I hope she calls me soon. I want so badly to be able to remain in contact with the girls (My*

*Sisters) & of all the kids lives also.*

*As you knew, they're the last of my family members left.*

*I'd always dreamed of you all being able to sometime come out here to Maine & visit with me & stay awhile at my farm. I've made the offer countless times to you & the girls to do so.*

*It would be so wonderful spending some time together. I'd of loved for you to see my home, be able to show you some sights, cook you some nice meals to be shared together & just experience the closeness of it all felt & shared.*

*It goes without say so, my offer always remains open for the girls & or any of the kids to ever come out for a visit. I'd welcome any of them with my heart & open arms. They're my sisters, nieces & nephews, my beloved family members for the rest of our lives!!*

*Well I guess being able to at least put my thoughts out there to share & hoping you're getting them somehow as well. It does help make me feel a bit better here now. As a way to release some of these inner feelings I have & my need to let some out so they don't eat & completely consume of my soul.*

*Again I'm just hoping to let you know how much I miss you & all that you've meant to me Sue. I do at least take some comfort knowing how much I know you loved & cared about me also.*

*I'm confident too in believing that you're missing all of us you had to leave behind here on earth, who all loved you dearly Mom.*

*I know I can speak on behalf of all of us, when I tell you... you influenced & impacted all our lives with your knowledge, loving kindness,*

“ Hey Grams. Been thinking a lot about you lately and I just miss you like crazy. It's really weird when mom calls me from the house phone because every time I see "Home" pop up on my phone I think it's you because you were the only one that would ever call me off the house phone. I can't wait to see you again some day. I'm gonna buy you some Kool mild 100s in the box and we can sit and watch our old shows we used to watch. Remember Leave It To Beaver and The Munsters? We used to watch those shows all the time. We can play some Yahtzee too. You'd always beat me, but it was okay. It's just really weird without you here. On the upside, me, DJ, Mimi, and mom are gonna fix up the house soon! Wish you could see it, but I already know you're gonna be there while we fix it. Anyways, I love you grandma. Not a day goes by that I don't think of you.

“ Every time I enter your number in at kroger, or see "grandma" in my cell phone, I think of you. Every time my kids aren't wearing socks with their shoes, I think of you. When I'm shoe shopping, I think of you. And in everything I do, I think of you. I miss you so much. I really need you here. You were right, when you said I would miss you calling to lecture me or ask me if the kids ate, or if I was home. I walk to the store and wish I was on the phone with you, with you telling me to go back home. I won't ever get to hear that again and it just hurts so much. I love you Gram. You will never be replaced and this pain will never dull. I wish you were at home, on your couch, smoking a cigarette. I never realized how much comfort I found in knowing that you were always there. That I could always call you. That you would always answer when you could, and that once you couldn't anymore, you wished you could have. The time isn't near, yet, but I am awaiting the day I can finally kiss you again and tell you how beautiful you look. Or hand you a box of tissues. Or remind you that your cat, in fact, did not get outside. I love you.

Hey Sue,

*I've just been thinking about you & of so many wonderful times we'd shared together years ago. When our lives were good & the whole world & everything in it seemed better.*

*I so miss being able to talk to you. I miss all the stories & the laughter we always shared when we spoke. If we could only turn back the hands of time to be able to relive some of those wonderful days shared together.*

*I wish we could be hanging out in the kitchen creating a fine dinner together while just talking, laughing & sharing in a nice bottle of wine. Dad laying on the couch watching TV with one eye open. Rose & a couple of her friends at the table telling stories of their boyfriends & Dawn playing with the dog on the living room floor while laughing, having a glass of pop & having no worries at all to have to contend with.....I'm looking at all of that in my mind right now & remembering those many wonderful times shared. I'm sad & it makes me cry knowing it's all just past visions in my mind & not to be relived ever again.*

*How quickly our lives pass us by, our loved ones leaving us one after the other. Leaving us with only the memories in our minds & held in our hearts to go on our own lives now in moving ahead.*

*Anyway, sorry for my goings on here, but I just really miss you & it hurts badly that you're gone.....*

*Love you Mom!*

“ My Dear Mother Sue;

*I was so sad to learn you'd passed away while in your last stay at the hospital.*

*You've been telling me for quite awhile now how badly you've been feeling.*

*I know how hard it's been not being able to see & get around on your own these past years. Allowing you the freedom to come & go as you pleased.*

*How often lonely it made you feel you described to me.*

*I'm so glad we were able to have so many wonderful conversations on the phone together over these years past. Enabling us to share our deepest heartfelt feelings with one another.*

*I've missed you so, All the many wonderful times we'd shared when I was a much younger man.*

*So many changes throughout our lives that have occurred. Some good, some sad.*

*It was always so super to hear you laugh & I remember the lovely smiles you wore so well upon your face.*

*You were always loving, caring, kind, giving & thoughtful over the years of my growing older myself.*

*You gave me a wonderful big sister, Rose who I thought so much of & still do!*

*Your Mum was so good to me & I loved her dearly too. She always called me her little boobala! What a sweet, wonderful Mum you had! Your entire family welcomed me as one of their own & it meant so much to me!*

*I remember the good times years ago had with your young brother Ralphie. Sad they're all now gone too.*

*You blessed me with another little sister Dawn also. Whom I've always loved & adorned.*

*It was always hard having to leave you all when I came to visit. Very tough & always made me feel so sad with fond memories we made when possible for me to see you all, my family.*

*I've such great memories of hanging out on the docks fishing together when we both were so much younger.*

*You were such a die-hard fisherwoman, wanting to keep fishing*

*right until dark outside. Hoping to catch just one more fish!!  
We enjoyed many nice drives together, often not knowing where  
we'd end up.*

*Sometimes the grocery store, K-Mart, visit one of your friends, Pet  
shop, music store or a movie.*

*One time a trip to the Music Store, we came home with a fantastic  
used "Rogers Drum set"! You'd got it for my birthday that summer! I  
still have that kit in my collection today. I've played those drums in  
several bands I've been in over the years. It'll always be my favorite  
as I'll never forget how happy you made me when you surprised me  
with it making it one of my best birthdays remembered!*

*But so often the poles would come out of the trunk & we'd be at a  
spot that seemed right to do some fishing!*

*Many nights you, Rose, perhaps one of her girl, or boyfriends &  
myself would stay up until wee hours of the morning playing  
"Rummy".*

*We'd all laugh, drinking cheap bottles of wine. Perhaps we'd call out  
for a pizza prepared the way you liked them, (Ham, mushrooms,  
extra cheese & requested it juicy)! Just enjoying hanging out  
together having fun, great memories of time shared. Those have  
always been some of my best memories made of my lifetime,  
thanks to you, Mom!*

*One of my fondest memories was when Dad loaded up the Chevelle  
& we all went up north to go camping.*

*I remember it was hot & you were sitting in the back with Rose,  
Jimmy & Freckles as he drooled all over you. While Dad, Dawnie & I  
sat in the front.*

*All You kept saying was , "Take your whole family & have a ball!"  
You were always such a good sport & so funny!*

*I believe we had to stop at about every gas station along our way,  
driving that car after Dad supped it all up for the strip!*

*We stopped in to eat at "Frankenmuth" for the "All you can eat fried  
chicken"! We'd so much fun there & such a great feast! I'll never  
forget it, it's locked away in my mind & in my heart forever as  
perhaps the best time shared as a family for me ever! I'm going to  
really miss you Sue! You were always the glue that held everyone  
together for me. It's going to be so hard not being able to pick up*

*the phone & call you any longer. Sue (Mom), You'll always remain in my thoughts, prayers, heart & my soul!*  
*Your Loving Son,*

*Thank you so much for your kind words Dawn.*  
*I'm so sorry for this loss to us all! You know she meant the world to me too.*  
*She's been the focus of my mind & I miss her so much. I'm so very sad knowing I'll never be able to make it out to see & visit with her again.*  
*After my wanting & hoping to do so for so long now.*  
*It all seems so surreal; Her (Our Mom), our Dad, Mum & all the rest of our family members whom have now all passed. Such a tragic loss for us all.*  
*I do pray you'll call me soon so we can talk. I miss & love you & Rose very much! I also really hope to someday have the opportunity to meet all the kids. (Who I feel I already know all of them through talking so much with our Mom). You're all thought of & loved so much & deep in my heart, soul & body Dawnie.*  
*I love you my dear sister from the bottom of my heart!*  
*You, Rose & the children are all of my entire family I've left here on earth. You're all in my deepest thoughts & in my prayers.....*  
*Our wonderful Mom will be missed much by many!*

“ Hey mom. Still cant believe your gone. My own selfish desires wish you werent, but I truly know that you are no longer nor will you ever be sick again. No more insulin, no more pills, and no more hospitals. Ever. Ill always remember going to the drive-in together, Cooking and cleaning with you before holidays and the gorgeous Christmas decorations you would put up every year because you loved Christmas so very much. I remember the time Tiny attacked John Hamilton and the animal control picked her up. You left work to chase them down and low and behold lol, you came home with my tinybean. Thank you mom. Thank you for working sometimes 7 days a week in a factory to be able to afford my figure skating. You ALWAYS went above and beyond to give me a truly wonderful life. Thank you for being my mother AND my father. And never ONCE complaining about it as hard as it had to have been, I will never close my eyes without seeing your face. I will never pick up a knife if I drop it lol, and most of all I will spend the rest of my days trying to be a mother to my children the way you were to me. I'll never be as good as you but I truly will try my best. Until we meet again mom [this time for all eternity] I will miss you and love you with my whole heart. And I promise you that Joey and Briana will grow up knowing their Super Ga and how very very much you cherished them. Enjoy Armenian Christmas in heaven mom. Enjoy it with your family and friends. I love you mom, I truly truly do and Im actually already missing the 35 voice mails you usually leave me everyday. So happy that I saved them.

*Dawn,*

*I've watched this video many times now since you posted it. Each time it makes me cry. It's so hard seeing Mom looking so much older than as I'd last seen her looking.*

*It's sad how short truly all of our lives are & how fast the time flies by us each & everyday.*

*I think to myself, Oh my God, how long ago it was since I've been graced & blessed to last have seen you all. It really breaks my heart....*

*I wish I could make you all out better in your wee video shown here.*

*Perhaps if you've others with Mom, you might be so kind as to consider posting them as well. As I'd be very grateful to see them too.*

*Life has become so complex in being able to see you all, with us being such a big distance apart.*

*My being alone up here & having all the many responsibilities that I do in caring for my animals, my house, dealing with these cold winter months & trying to keep up with having to somehow make the monies needed to stay all a float.....*

*It always saddens me to wonder how am I ever to be able to get away long enough to see & hold you all again?*

*As we too are growing older all the time. I worry of time working against us passing by so fast & life realized as being so way to quick!*

*Lord how I miss you all so much Dawnie!*

*You mean the world to me!*

*With our parents all sadly gone now, I need to remain as close to you as it be possible for us to do so.*

*You, Rose & the kids are my family. I'm hopeful you'll think to include me & welcome me more into your lives.*

*Now that Mom is gone, it's up to you to keep me updated of the kids & your lives goings on, as Mom was so good at doing.*

*Our hearts beat the same blood & I love you very much dear sister.*

*I miss you all, our Moms, our Dad & all the rest of our family that has sadly departed from us over time.*

*May God bless our Mom & watch over her now for us as she so derserves. She was a beautiful person & had a huge heart of gold!  
We'll all miss her for the rest of our days spent here on earth.*

*All my love to you all,*

*Jeff*

“ You were always another Mom to me. I remember how much fun it was to be at your house playing cards, laughing, eating and just general silliness. If it weren't for your family and the Briwns, I wouldn't know what "FAMILY" really felt like. You gave me so much of yourself to hang onto. I will be forever grateful. “ *Such a wonderful woman. I've been blessed to have know her almost all my life. She was like a second mom. I remember her picking me up to go watch Dawn skate at Lakeside. I remember going to Dawn's skating competition and sitting in the seats with Ma. I have a lifetime of memories that make my heart happy. Bringing me Thanksgiving Dinner when I was working and my parents were out of town. She is such a part of my history. She will be missed. XO*
