“ I just wanted to say one more thing... Sue opened her arms and heart to me with everything going on in my life.. from the divorce, to being in the hospital to just always being there to lend me an ear and give me a hug. With my situation I push away and Sue would not have for that.. she made me laugh and she made me cry. She always knew what I needed. She welcomed me into her family and helped me through a very hard time in my life. You could say Sue was an Angel to me and to Todd and the Kids... Never in a million years will I forget or or stop thanking her and thanking Kenny... What wonderful people I am lucky to have in my life helping us take the right steps and just listening to us when we need it and pushing us when we needed it more.. Wow some things she said she and me laughing so hard... God sent me an Angel in Sue.. I know that.. no question in my mind to that. I am so happy that she will layed to rest wheree my father is.. I will vist her and my father often when I need to talk. God has his reasons for taking our loved ones and our angels on earth... I wish it didn't happen but God knows the purpose and I have to believe that he knows we will all meet agai some day and that Sue is one of the chosen ones.

“ Words cannot explain how much Sue will be missed from our daily lives. A second mother, a mother filled with wisdom and advice. Always there to pick you up and tell you when your wrong... Her words and her presence made us smile... she love the entire family and we will all miss her so much... We have a whole in our heart where Sue should be with us daily. We pray for God to take Sue to his land of heaven were we all know she will still be looking over her family and all that she loved.

“ I have always thought of Sue as a second mother to me. She had left an impression on me and my son Ryan. She was always there for me and was always there to listen to whatever was going on. I know she will be missed by more than just me wanted to say you are in my thoughts and if there is anything you need just let me know
