“ John, I am so very sorry. Sue was a kind, loving, wonderful person and she will be truly missed. My heart goes out to all of you and I will keep all of you in my prayers.

*I know we are not supposed to question God, but you can't help asking why, and the only explanation is that God needed an angel, and she will forever and always be with each and every one of you. She is forever in your hearts and in all of your memories, cherish each and everyone of them John.*

“ When the sun sets, it sends the beautiful moon out. When the tide recedes, it leaves back beautiful sea-shells on the shore. When music stops, its enchanting melody still lingers in our head. When any beautiful thing passes away, it leaves behind something even more beautiful for us to smile upon on. John, even though Sue is physically gone, she has left behind memories that will be cherished by all those who knew her. You will always feel her in your heart and for that she will never leave, she will always be with you.

*Jim and I cannot express how sad were are to hear of her passing. My God take care of you and your families and give you strength through this. We are a phone call away if you ever need us.*
