“ *My name is Sylvia Kravitz and worked with Sue for 10 yrs at the doctor's office.*

*My memories of my friend Sue are many. I still use her quiche and taco recipes after all these years. I also remember how she sang "happy birthday" in Polish and always brought in paczkis for us. And she always made a super pistachio cake for Dr. Rose.*

*One day, I was in the lunchroom and spilled burning soup on my hand. Sue was there and within seconds grabbed a bowl, filled it with ice and water, and stuck my hand in it. Later she applied an ointment to my hand and bandaged it. If it hadn't been for her quick action, I my hand would have been scarred, as I had second degree burns.*

*I will never forget her kindness to our staff and patients.*

*She always talked about her loving husband and was very proud of her children and their accomplishments.*

*Please accept my sincere condolences on the loss of a very dear lady.*

“ *Susan: Warm and cheerful. Cakes, wonderful cakes. Excellent co-worker. On occasion she would reveal her surprisingly wicked sense of humor. I will always remember Susan with a great deal of fondness and always knew I could count on her for a good word or thought. Beth, Jill, and Todd, please accept my condolences. I used to think she was crazy for waking up at 4 AM to make meatloaf for Stanley's sandwiches, but I realize it was a type of love and devotion that is hard to match. Susan was definitely one in a million.*
