“ *So saddened by this news. Sue was a wonderful friend and co-worker at Key Safety Systems. We lost touch over the last year, which makes me feel terrible. She had so much more to accomplish! My thoughts and prayers are with the family. She often talked about you with much love! God Bless you and Sue. Rest in peace my friend!*

“ Susan was my “Michigan cousin” (I was born and raised in NYC) and even though we hadn’t seen each other for many years, we did reconnect via text in 2016 when I was cleaning out my Mom’s apartment (my Mom was Susan’s great Aunt Peggy) and was finding so many incredible family photos that I wanted to share with Susan. We started to reminisce and send each other photos and kept in touch until the end of February, which was lovely. Thinking back, I can remember so many trips to Michigan when I was a child to visit my Grandmother, and Susan was always a part of those visits. I remember the week we spent in Florida as teenagers. I remember her trips to visit me and my Mom in NY when I was in my 20’s and how much fun we had hanging out with my local friends. Susan was always way more quiet than me (I was the chatty one), but she had this strength and intelligence that was always front and center. She had a great sense of humor too. She would tell me about her jobs throughout the years and I always knew she was a hard worker and so dedicated. I wish we lived closer and that we could have done even more together, but I am a better person for knowing her and am grateful that she was my cousin. I cannot believe she is gone. It makes no sense. She was so loved by her family and had so much left to accomplish and enjoy. My deepest condolences and heartfelt sympathy goes out to her Mom, her siblings and her nieces and nephews and their children too. I hope this post shows just how much I cared about Susan...even from afar. Prayers and strength to all her family and friends. ❤️

“ We are so saddened to hear that Susan is no longer with us. I will forever remember her walking Stella through the park in East Tawas. She is in a better place and her memory will forever be with us. Condolences to her wonderful family.

I was so sorry to hear about this beautiful girl you called Susan. I have great memories of her in the park and her dog Stella. She will be dearly missed but know she was loved by all who crossed her path. She has a wonderful family who saw her through such hard times these last couple of years. Rest In Peace. Prayers to family
