“ *I knew the Boniecki family from when I worked at Home Depot and subsequently when they helped with my mom and dad's property. Ted was his own man. To know Ted and his family was to love them. Sadly, I lost contact because of my health status. My heart and prayers go out to Merle, his two sons and daughter. God bless and know how sorry I am for your loss.*

“ My dear brother Teddy, I love you so much and my husband Ray got to visit you at your home with your family. Ray found Teddy to be a very personal person. I come from a large family by today's standards and still love it. I remember the fun when little Teddy would be the one selling cereal and say why you should buy this one when all of us brothers and sisters and me eating our breakfast . Another time he would save money shoveling snow so he could buy us all with a 5 dollar limit (that was a lot of money in those days) at Christmas time. We all did the same but he always paid more if it was on our list. I miss the days when we were little. And even almost to the end he took care of his neighbors lawns. He loved his 2 grandchildren, Robert and Lauren which live across the street. He always spent time with the grand children looking out their window saying Grampas here. Teddy I will miss you but I know it was time for you to be with God. No pain and young again.
