“ *Julian, Alex and Orlikowski Family,*

*My deepest sympathies to you during this tragic loss. I didn't know Tim personally, but worked with Julian and Alex at Wasik's. They both spoke very highly and loving of him always. May his memories help comfort your family during this time.*

“ To the Family of Timmy, so very sorry for this loss. Death always saddens, but when it happens to someone so young it is particularly tragic. My thoughts and prayers are with your Family. May the love from your family and friends provide you with a measure of comfort during this difficult time. I pray also that the thoughts given to us all at Job 14:14,15 provide you with assurance that Daniel is in God's memory. Deepest Regrets

“ Thank you for showing me the hidden gem of Marcus hamburgers! Every time I venture through their doors, I am going to order one with, and one without cheese, in your honor, young man! I always worked hard at trying to make you smile.....you softened as you grew older.  
I love you and will miss you!

“ It was quite a few years ago, Jean and Julian had brought their gang up north to where we were camping, and on one of the days they were with us, my boys and their kids and Julian and I went on what seemed to be a very long hike along the Lake Michigan shore line, Julian and I were up front with my older boys and their older kids in the middle, with Tim and Adam bringing up the rear, and when I say rear, I mean sometimes 40-50 feet behind, and everytime we would stop and look back, there was Tim and Adam picking up artifacts, when we got back, Tim had pockets full, and he had ideas and thoughts on most everything that he had brought back,  
Just on of many great times with the Timster.

“ I always looked forward to talking to you about comic books, movies, and video games. I remember talking at great lengths with you on more than one occasion about Star Wars and debating which direction the movies would go. I will miss our conversations and your great sense of humor.

“ One of my fondest memories was when we were in North Carolina for Ben and Kara's wedding. Late one night, around 11 or 12, a bunch of us walked to the beach. Some of us had flashlights. We noticed little crabs running across the sand and we all started chasing them. One of us, I think it was Tim, said we were crab wrangling ! Great walk on the beach, lots of fun.

Love you all,

“ I learned so much about transformers, from you Tim...even though I didn't want to learn about transformers, I just wanted you to finish your sandwich and drink your milk! Thank you for the rocks, the detailed lessons about your toys, the shennanigans and the humor you shared. I will carry with me, all the wonderful memories and love that we shared. Your smile will always warm my heart. If you only knew how much you gave in such a short amount of time...  
I love you, Tim.
