

Victoria Staat

July 27, 1951 - February 3, 2024

It is with a heavy heart, that we are sorry to share that Victoria Staat passed away unexpectedly at the age of 72. Dear daughter of the late John and Cecyla Barnhart. Loving wife of John for 50 years. Dearest mother of John (Angel) and the late Angelia (Robert). Loving grandmother of Madison. Dear sister of Robert, Thomas (Bridgette) and John (Sally). Cherished aunt of many nieces and nephews. Adored pet parent of Gracie and Buggy. Vicky loved going to the cottage in Port Austin. She always loved entertaining and being the hostess cooking and preparing for any gathering. She had no time for what she called "the lazy box (T.V)" Vicky spent her time writing books, she was a great author and enjoyed reading some of her friends books. Vicky was a loving person and cared about family and friends she will be dearly missed. The family has honored her wishes and her body has been cremated.

“ Vickie was the most important person in my sisters (Pattie’s) life. I don’t know of any one who made my sister (Patti) more happy than Vickie. Prank after prank, laugh after laugh. Pee your pants laugh! Vickie was the most kind soul you will ever want to meet. I would see her at mass when I would come to visit my other sister (after my sister’s passing) in 1974. That’s how long they remained friends. I know they are in heaven dancing, laughing and peeing their pants reminiscing about what prank they could do next.

Vickie became an accomplished author in her own right. The world was a better place with her in it. But heaven is full of joy and laughter with her in it, Any place Vicki is, is a better place. God has Vickie and Patti in the penthouse!! Laughing and just joking and making us all feel better. God bless Vickie’s family. I know how much she will be missed. But know she left a mark on this world that was unmatched. God bless her family and know that I will miss her a lot. ❤️❤️

John I really hope you find peace in the days ahead. Your lose is in knowing how much Vicki impacted so many lives. As little as I saw her in recent years, it was a joy to see her when I came into town. I certainly looked forward to just saying hi. I lost my daughter a few years an ago. And I know you also lost a daughter. This is not a club you signed up for, only a few people understand what that is like. God bless you. I wish I could take your pain away, but only you and your son will know when it gets a little less (maybe soon or never). Know that you will be in my prayers daily!

Andrea - February 16, 2024 at 02:22 PM

So many cherished memories over all our years together! Whether we were driving down Woodward or partying at her house when would go north or when we were making pierogies for the holidays or the birthday parties for Angie! All or our ups & down we would talk & share together whether In person or on the phone, we were there for each other! I truly miss her each & everyday but know deep down she is in a better place! Many prays to the entire family! I LOVE you all
