“ *I decided to look up Mrs. Brezden and was so sorry to learn she passed a few years ago. She was an exceptional math teacher at Courville Elementary. I can still hear her saying “6 times 8 is 48 — come on college, I can’t wait!” She was a wonderful person and her love for math was infectious. My condolences to her family — she was truly a bright light!*

“ I knew Ms. Brezden during her years at Nolan Preparatory School. Ms. Brezden was a passionate math teacher, and a great team player. I remember only good things from her - kind words, smiles, and the desire to engage in school reform. Ms. Brezden brought out the best in me. Nancy L. Carey

“ I will never forget Zenia Brezden. She made me feel like such a special and talented kid when other teachers were more concerned with the kids who got As in math and science. I was an artistic child and she figured that out. Always made me feel loved. So sad. My deepest condolences to her family and to anyone who loved her as I did.
